**Commissioner For Patents
PO Box 1450
Alexandria, VA 22313-1450**

Sir:

The above-identified U.S. patent application was filed on June 26, 2003 with a signed Declaration. It has now come to light that the inventive entity set forth in that Declaration is in error, with the error arising without any deceptive intent on the part of an individual who was incorrectly not named as an inventor. Therefore, it is requested that the inventorship in this application be amended to add Mr. Robert Harold Bateman to the original inventors listed. To this end, this paper is to be considered a request to correct the inventorship to list the following inventors:

**Kevin Giles
John Brian Hoyes
Steve Pringle
Jason Lee Wildgoose
Robert Harold Batement**

Pursuant to 35 U.S.C. §256 and 37 C.F.R. 1.324, a statement from Mr. Bateman is enclosed which clearly recites that the error in inventorship occurred without deceptive intent on his part. Also provided is a statement by the original

named inventors indicating that they have no disagreement with respect to the requested inventorship change. Since an Assignment to Micromass UK Limited has already been submitted in this application, also enclosed herewith is a Written Consent of the Assignee as required. Finally, enclosed is a processing fee set forth in §1.20(b).

Submitted concurrently herewith is also an Assignment document executed by Mr. Bateman in connection with his inventive subject matter.

If there are any questions or outstanding matters raised in connection with this request for correction of inventorship, please contact the undersigned at the number provided below.
